Pinnacle Computer Services
SOLUTIONS FOR BUSINESS

MANAGED IT · EVANSVILLE, INDIANA SINCE 1988

Your call goes to someone who knows your network.

Pinnacle's team works together in our Evansville office. When your usual technician is out, the person covering has worked your environment, and escalation is a conversation down the hall, not a ticket in a queue.

What that means for you

Familiar faces
Technicians who have been on your site

Fast escalation
Senior engineers in the same building

Real coverage
Someone who knows you when your tech is out

On-site when needed
Indiana, Kentucky and Illinois tri-state

Built for continuity

- **One team, one office,** at 640 S. Hebron Ave in Evansville.
- **Your environment documented,** so knowledge is not stuck in one head.
- **Dell Technologies Gold Partner** since 2011, and Microsoft Cloud Solution Provider.
- **New technicians learn** beside experienced engineers.
- **More than 200 servers** and 1,600 endpoints under management.
- **Locally owned** since 1988.

Ask who will actually answer.

Many providers send your call to whoever is next in line, often in another state. Ask a prospective provider who picks up, and whether they have ever seen your network.
