

ARE YOUR CREDENTIALS ON THE DARK WEB?

**We go into the
Dark Web so
you don't have to.**

Pinnacle Computer Services

SOLUTIONS FOR BUSINESS

**Online criminals can hide from you ...
but they can't hide from Dark Web ID.**

DARKWEB 

HOW DARK WEB ID PROTECTS YOUR BUSINESS:

- Delivers the same advanced credential monitoring capabilities used by Fortune 500 companies.
- Connects to multiple Dark Web services, including Tor, I2P and Freenet, to search for compromised credentials, without requiring you to connect any of your software or hardware to these high-risk services directly.
- Provides awareness of compromised credentials before identity theft or data breaches occur.
